Frosh Get the Devil As Juniors Preside at RA Court

BY AMIE ANGUS

Now that we Presbyterian have won the stretch out of our batch, we can lock back over and enjoy the last few weeks of froshdom. We had heard about RA Day but we had unanimously concluded that

Let's take the typical freshman and give an account of her day. Jessie just happened to choose Wednesday right on her one month after enjoying about 12 hours of recovering after Parade breakfast, her plenses were interrupted by the chimes of the Juniors, "Prepare for your doom!" This has been the case with several juniores. Jessie was back on campus.

Derdell Hall was in a state of confusion and uproar. With girls running all around her, there was a sudden silence at 1:00 PM. This was the RA Day instructions and was off in one part of red pajamas, while shorts, moccasins, and glory sack. Back in her room she sat, reading a book for her late morning science and safety past her pencil sharpener, trying all the while to maintain an intimate presentation Jessica Junior had created.

She lounged at her next roommate's room, trying to make her invisible in the mirror. She didn't want to scare anyone.

In a state of complete exhaustion she collapsed on the bed for about two hours of heavy sleep.

Here in the light of early morning, and continent's house items in Russell Auditorium—"in the Fires of the Future. The day was spent up and out, looking at new rooms, making new friends, discovering others' hobbies. The night was spent relaxing and sewing her t-shirt at the same time. We would all say, "Whose Father?"

Small and sweet.

Y's Own
For the few weeks, Y's Own meets are attended by the rest of the flock. There will be no secretaries selected for this session until those interested in the dinner hall meet on Wednesday evening in the Student Union, room Thome.

October 1, 1959.

Crawdlesong First of 3 Plays for Year

On Thursday and Friday nights of this week, College Theater will present Gregory Martin's "Crawdlesong," in Russell Auditorium at seven o'clock. The play is set in a closed community of Dominant Nations, and is based upon the notions of the situation of a child who is left to a guide.

Through the successful blending of the voices of the characters, the play becomes a beautiful, sentimental drama.

The part of the understanding female will be played by Caroline Griffin, the actress "Vivian" in Peary Wolters, and the role of Matriarch will be played by Viola Jenkins. The play will be open to the public at 7:30 P.M. on Friday and Saturday evenings.

The producer of the play is directed by Mr. Jack Brown, head of the Speech Department. All students interested in the play will be on the door.

J. CARSON FROTHING Conducts Seminar

A seminar on Wednesday, October 14 and 15, Mr. J. C. Carson, professor of English at the University of South Carolina, will be the speaker on "Social Science." This seminar, which will be held in the spring quarter, was sponsored by the S.C.A.A.T. and Church Council, and its to take the place of our religious social science breakfast week. This change came about when the theme of the week religious emphasis was changed to a social science approach to religion in the past. The last few years have seen a great change in the way social science is taught and who are the students.

Miss Katherine Scott, assistant professor of the English Department at the University of South Carolina, will be the speaker of the seminar.

October 10, in the Washington, D.C. Animal Sciences, the College of West College for Women. The college is presented in its seminars to honor the faculty and students of the year, and their work. The last time Miss Scott in the first seminar of the year.

C. J. T. Bowser, head of the Honors Department and temporarily in charge of the Honors at the University of South Carolina for the year 1959-60, is scheduled for this campus William.

Miss Jane White, member of the English Department, has been appointed as the editor of the Student Union, and will be the editor of the Student Union. Miss White, who has been a member of the Student Union, will be the editor of the Student Union.

Scholarship Ball Features An International Theme

The annual Scholarship Ball, sponsored by the campus YWCA, will be held at the college gymnasium Saturday night, November 1, from 5:00 until 12:00. The purpose of the event is to raise money for scholarships, and will be open to all students. The events will be international in nature, featuring music and dance from many different countries.

All of the foreign students and students who are currently studying abroad will participate in the Scholarship Ball, which will complete the international theme. The Scholarship Ball will be open to all students, and is sponsored by the YWCA. The event is open to anyone interested.

Appreciation Hour

Wednesday night at Appreciation Hour, the students were treated to music and dance by the George State College Band. The students were entertained by a variety of performers, including dance groups, singers, and instrumentalists. The event was a great success, and the students were thrilled by the performances.
The COLONNADE

Letter to The Editor

Dear Sirs:

It is true that the name of this publication is The Colonade, and it has been thus named since its inception. However, the current issue is not related to any of the previous issues, and there are no parallels or connections between the two. Therefore, I do not have any knowledge of the previous issues and cannot provide a meaningful response. It would be helpful if you could provide more context or clarify your question.

Yours sincerely,

[Your Name]
NOSE, TREAT, and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields — 10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the lungs as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
