4-20-1954

Colonnade April 20, 1954
Dr. W. T. Martin, pastor of the First Presbyterian Church at Tallahassee, Florida, will be the Religious Focus Week speaker on the campus of the George State College for Women from April 27 to May 2. Martin has been active in the Southern Baptist Convention and the Southern Baptist Theological Seminary. He is an authority on the history of religious education and has written several books on the subject.

Dr. Martin will address the theme of "Toward More Intelligent Faith" for Religious Focus Week. The theme seeks to encourage students to develop a deeper understanding and appreciation of their religious beliefs.

Dr. Martin's talks will cover a range of topics, including the history of religious education, the role of faith in shaping personal identity, and the importance of engaging with religious texts and traditions.

The talks will take place in the college auditorium on the following dates:
- April 27: "The Importance of Religious Education for Personal Growth"
- April 28: "Faith and Reason: Navigating the Intersection"
- April 29: "Practical Applications of Religious Thought in Modern Society"
- April 30: "The Role of Religious Texts in Shaping Our Understanding of the World"
- May 1: "Engaging with Religious Traditions: A Personal Journey"
- May 2: "Reflections on the Future of Religious Education"

Dr. Martin's talks are open to all students, faculty, and members of the community.,

Volume XVII No. 53

Are You Eligible?
The people of the state are planning an important decision next September when they will vote for prime candidates. Whether or not this state is to be represented in the Senate of the United States will depend upon how many of the people think it important to send one or more Senators to the Senate in order to represent the interests of the state.

senator elections come on the ballot in three elections, the primaries, general and special, which are held in the spring, fall and winter.

Dr. William T. Wynn

The people of Dr. William Thomas Wynn, born near Jordan, N.C., in 1835, and who died in 1922, have contributed a great deal to the world. He was a man of many talents and interests, but his greatest contribution was as a lawyer, judge, politician, and statesman. He was a man of great wealth and fame, and is remembered as a great statesman and a great lawyer.

Dr. Wynn was born in the town of Jordan, N.C., and was educated in the public schools of that town. He was a man of great intelligence and ability, and was a great scholar.

Senators of "Vitality and Statue"
The fact that Georgia's famous Senator William J. Proctor, known as "the Old Senator," could not be reached during his retirement, made the selection of a Senator in the Senate of the United States a matter of great importance.

The nomination of a Senator is important, and should be given to a man of ability and integrity.

Senator Proctor was a man of great ability, and had the influence of the Senate of the United States behind him.

And I Wondered

No More...

"I have been waiting for this, and I am so glad that it has come," said the aged Senator, as he stepped out of his car and walked into the Senate chamber.

The Senator was greeted with applause, and he took his seat on the Senate floor, where he had sat for many years.

The Senator's speech was a masterpiece of eloquence, and it was a great pleasure to hear him speak.

But Prudy Prims

No one needs to tell us that Spring is here, and no one need to tell us that it is time to bring out our Spring sportswear. The year we should all have a need for this is now when it is the time to put on our Spring sportswear.

The Spring sportswear is so beautifully made that it is a pleasure to wear it. The Spring sportswear is so beautifully designed that it is a pleasure to wear it.

The Spring sportswear is so beautifully made that it is a pleasure to wear it. The Spring sportswear is so beautifully designed that it is a pleasure to wear it.

IRC
The theme of the IRC program for the spring term is "Travelers and Their Wives: Representative of Their Nation." Two books will be read and reported on in the class by one of its members. One of the books was written recently by an editor, The other book was written in 1948 by a Georgia exchange student, to be titled "A Round the World on a Bicycle." At the next meeting of IRC, new officers will be elected.

From H. Gordon Hayes, writing in the Tulsa University Outlook, comes this definition: "A university is a place where the minds of men, real women, teacher and student, are free. Free to explore—free to question—free to think. Without such freedom there cannot be a university."

The misguided souls who search for fake doctrines in the universities do not know that a real university has no doctrines—that a real university is itself a constant and positive investigation of all doctrines.

Y's Owl
Hi Eves!
I hope you had a wonderful evening and many more of you at the various programs. By the end of next quarter I had heard that attendance had dropped to about 50 regulars. Am I alone in still bellowing for some of you to be here? I wish you good luck on your campus activities and I welcome —
Frank had quite an episode with Joe Anderson in Ball Hall last week. We aren't exactly sure what happened, perhaps Jan would like to give her version, but as a result of this, there is a brand new thing Jan Anderson says, and Jan, president of GDA. My Oyens!

Everyone at the Outlaw has been getting "Small Order" lately. June Burren got a small hand of a reputation as Sen. of Interior. Only one exemption has been made and that was for Phyllis, who not only got a small hand when she visited last week, but also a "large hand."

Bible study is being held regularly, "Big Crowds," "Crisis," and "II John" this quarter. A brand new thing. The Presbyterian students we had down in Student Hall seems to think so. They were very impressed by the "Hall of Prayer" commonly known as Tope. While we are on the subject of prayer, did you know about the "II sending a delegation to Tope, April 20th? If you want to go just see Lee and make sure your name on the list. Jan is flying up to help on the program.

Pamie Bialoek let us in on the news that instead of having a mock political rally, we might get the "Real McCoy." What I mean is "we" is that the presidential candidates have been invited to come down on campus and present their own views in discussions at current events. Mr. Drown has already accepted to speak at May 15th. DON'T MISS THIS!

I hope that none of you missed the program the foreign students gave yesterday evening on the Easter customs to their own countries. All those students are open to the student body and we want all of you to come and learn as well.

The BIG SISTER program is getting under way and soon you will have the opportunity to sign your name to the lists which will be posted. From those names will be chosen the Big Sister for next year after careful screening and counseling with the church House. We hope that everyone who signs up will be used but remember "many are called, few are chosen."

April 21th we will be starting TOWARD A MORE INTELLIGENT RELIGION. Dr. Martin is leader of these Thursday will be speaker for Religious Freedom Week, and from that little bit to say it by what we do. He has started the theme that "the idea of "question hane" and can really get the discussion to rolling. All the attendance is being recorded to wait for the 24th, whereas, discussion on GOD, JESUS, and the soul of man. This is the week the theme and Chapel devotedly be sending up to the Web. On Tuesday night of Dr. Martin with that will be in Torber on 7:30, on Ward. He will talk to the students and there will be a Ball hall. Meet Dr. to a committee meeting and get to work.

WIZEZ.
