The Colonnade

Administration Adds Nine To Faculty Ranks

By Ruth Draper

Increased enrollment at the Pebbleton Grammar School, expanded curriculum and leaves of absence, granted to faculty members of GSCW have necessitated several additions to the Administration.

Leaves of absence were granted Mr. John Gerd, head of College Reading and the Speech Department, and Miss Olivia Smith of the Physical Education Department. Mrs. John Kilday has been appointed Director of GSCW for the coming year, now expanding to a full-time job.

Returning to our campus is a Mary Bell Raspberry, B.A., candidate member; Mr. William M. Mitchell, formerly of the Department of Music Education and a music major in piano composition. Miss Raspberry is a graduate of the State College of Education and Music from Mississippi State University, where she specialized in piano and voice. Rejoining Miss Smith is Mary Jane Milliken, B.S., of the Department of Education, who is attending SMU’s graduate school with a one-year appointment to work on her graduate work.

New in the Music Department is Miss Ethel Davis, who is replacing Mrs. Allen in vocal music. Miss Allen is a graduate of the University of Mississippi and from Mississippi State University, Miss Davis is a graduate of the University of Mississippi and from Mississippi State University, where she studied music.

Also new in the Music Department is Miss Helen Jones who will teach voice. Miss Jones is a graduate of the University of Mississippi and from Mississippi State University, where she studied music.

To The Freshmen

Dear Little Saturers:
The Class of ’58 has begun to realize a fraction of its size, its size, and its size. It took only a short time for us to realize that the Class of ’58 is more than a group of people, but a group of individuals.

I wish to say that we are all here because of you. You have succeeded where others have failed. You have exceeded the expectations of others.

The Saturday Cinema
This year something new has been added to our list of campus activities. Movies are being shown on Saturday night for the entertainment of the GSCW faculty and students. The movies shown will be selected from the movies shown at the college and other college campuses.

The Science Building... A Dream Realized

by Sarah Anne Smith

While there is no question that this is a busy time of year for all of us, there are some who are particularly busy. The science building is being constructed, and many of the faculty members are working hard to ensure that the building is completed on time. The building will house laboratories, offices, and classrooms, and it is located on the north side of the campus. The building will provide a much-needed facility for the science department, and it is expected to be completed by the end of the year.

Number of Foreign Students

On Campus Greatly Increases

by Linda Stenell

Do you like cross-country skiing, basketball, tennis or field hockey? If you do, you might be interested in the new foreign students who have arrived on campus. They come from all over the world, and they bring with them a wealth of knowledge and experience.

The WYCA scholarship student, Rendezvous, has recently arrived on campus. He has been with us for over a year, and he is currently studying English at the Bilingual Institute. When he has a free moment, he enjoys playing the piano, reading, playing soccer, or just sitting around. All in all, he is a very nice guy, and he has made a great impression on the students here.

The Freshmen will benefit from the new building, and they will be able to take advantage of the new facilities. The building will be ready for occupancy in the fall of this year.

The Fall Quarter 1954 Assembly Programs

September
21 Fall Formal Convocation. Dr. Roy L. Loomis, speaker.
26 Rev. William Kirkland, Minister, of St. Stephen’s Episcopal Church will give a devotional talk and be the main speaker for the assembly. The assembly will be held in the College Auditorium.

October
7 Dr. Guy H. Wells will speak on the subject of the civil rights movement in the United States.

November
25-26 Fall Formal Convocation. Dr. Roy Loomis, speaker.

The Freshmen will benefit from the new building, and they will be able to take advantage of the new facilities. The building will be ready for occupancy in the fall of this year.

The Freshmen will benefit from the new building, and they will be able to take advantage of the new facilities. The building will be ready for occupancy in the fall of this year.
Letters to the Frosh

To: The Froshdom

We are excited to meet you here and are a vital part of our student body. To you we bring theGRANNY PRESS and are a family, a community, all for the Frosh. If you are a Frosh this year, we want you to feel welcome and included.

The Froshdom is an organization created to support Frosh in their transition to college. We aim to provide resources, guidance, and a welcoming environment for Frosh to feel supported and engaged in their college experience.

Welcome to the Froshdom. We are here to help you make the most of your college experience. We hope you enjoy your time here with us.
SPORTS & FEATURES

Inside the Jessie Sport World

by SUE CUSINS

Fall Retreat at Lake Laurel—Beginning fall is right when you need to be out in the cool weather, and one of the best times to get away is during October. This year, the Freshman Women's Choral Union and the Freshman Women's Orchestra have joined forces to create a weekend retreat at Lake Laurel. While the exact details are still being finalized, the event is expected to include outdoor activities, music, and relaxation. Attendees will have the opportunity to bond with their peers and enjoy the peaceful surroundings.

Budding Around

Greetings to all the "Jessies"! We hope you will like our special feature, "Budding Around," every week to bring you the latest news and events around our campus. This week, we have the pleasure of introducing you to some of the wonderful people who make up the Freshman Class of 20XX. Meet Jessica Brown, a transfer student from California, who is pursuing a degree in Environmental Science. Jessica is passionate about sustainability and hopes to make a positive impact on the community through her work.

DIOR Assigns Fashion Designers

Thirty-Year Setback

"The Christian in Dior" will be the theme of the VFW's Fall Fashion Show to be held October 12 at the VFW Post on Firth Street. The show will feature three designers from different eras, each representing a different decade. The designers will be showcasing clothing from the 1920s, 1940s, and 1980s, reflecting the fashion trends of their respective eras. Attendees can expect to see a blend of vintage and modern styles, providing a unique and exciting fashion experience.
I - administration's thym...Graham blouse. It ye...to...a -...ministers, generally welcome to its meeting other students who are interested in English literature and who have a sensitivity to the values. With this in mind, the Guild had selected as its theme for this year, "Values and Evolution in Literature.

To begin the year's program, Dr. Walter, head of the English Department and Guild sponsor, will speak on the topic, "I Would Not Give a Million..." Other programs planned for the year include a talk by Dr. MalMoton, who will discuss some of the critics' evaluations which they may be used in literary criticism.

To give us a touch of the modern in literature, Dean Maxwell will comment on Ernest Hemmingway, and Dr. Dawson will discuss William Faulkner. We hope that they will help us to understand some of the values of these authors' works that have led them to be so widely read.

Mr. Mingledon, head of our school's Language Institute, has agreed to help us in an even broader concept of the values of literature by presenting a discussion of "The Distinctive Values of Spanish Literature." This particular program should be quite interesting, especially to those who have an interest in the Spanish language.

Then to bring our year's literary journey to a close or rather into next year's work, a look back over our work and towards a prospect of further journey, the Guild members themselves will have various brief parts in the program. "Return," Mike Scott will help us along as each member gives a glimpse of a book that he would recommend to others. Each person will tell us why he believes this selection on the basis of the book's positive or negative values, which has been considered throughout the year.

The Lifetime Achievement Award, in honor of a Guild who would like to extend again its invitation to those students who, through English majors or minors, are interested in English literature, is scheduled for the occasion. Also, the Guild members will be held in order to assist the public in several occ...themselves. When these areas have been successfully explored, the possible results will be available to the students.

Grad Record Exams Scheduled for 1954-55

The Graduate Record Examinations, required by applicants for admission to a number of graduate schools, will be administered at examination centers throughout the country at several times in the coming year. Educational Testing Service has announced. During 1954-55 nearly 6,500 students took the GRE in partial fulfillment of admission requirements of graduate schools that prescribed it. This fall candidates may take the GRE on Saturday, November 20. In 1953, the dates are January 11, April 26, and July 18. Applicants are required to indicate on a form which of the examinations they prefer and they must file application forms for them. Applicants for graduate school admission should check with their respective examination centers for the designated examinations in the fall administration.

The GRE is offered to those nationwide programs include a test in quantitative ability, advanced level tests of achievement in specific academic fields and subject matter fields. According to ETS, candidates are permitted to take the Aptitude Test and/or the General Test.

Applicants for the National Board of Economic Examinations must also submit a copy of their GRE scores.

It's nice to be important but it is more important to be nice.

FASHION'S FADS

By ANGIE ADAMS

...administration's fashion's fads. The fall has brought us a problem that has forced us to come in a little bit too soon. But with all the new ideas for Fall clothes and with a little careful planning, we can eliminate this indecisive problem.

The jumper: a sleeveless garment worn over a blouse or sweater, beloved by generations of schoolgirls. As one of our most practical and useful garments, the jumper can serve the college girl almost any occasion. It can be dressed up or down, and the wonderful part of it is—you can dress it up the same way every single day.

Of the newest ideas is the "pouffed" jumper, with a souped-up neckline, worn with or without a blouse. For class or a football game the jumper can be worn with a sweater or a manipped blouse to become a sports and casual outfit. On the other hand, it can be worn with a dressy blouse for church and afternoon occasions. This same garment, dressed up with finenesse and without a blouse, can be as semi-formal as taffeta, and is suitable for a dance, a party, or that extra-special Sunday night date.

With a little touch of artistry, you can develop all your style. Use your imagination. Qual plain tops, simple dresses can be the eye-catcher of the campus!
