Hear Brown and "Seeing Things"

REGENTS APPROVE NURSING DEGREE PLAN FOR G.S.C.W.

Information has just been received that the University of Georgia Board of Regents has authorized GSU to begin a degree program in nursing. The program will be under the general direction of Dr. Brodie, head of the Science Department, and will be offered in collaboration with the Medical College at Augusta and the Eustace Talmadge Memorial Hospital.

This program has been worked on for a long period of time and with the approval of the part of the program GSCW officials.

In the standard semester the students will be located at the Augusta hospital in the science department. Upon hearing that the program has been started, one of the most gratifying points was that the interest of the Regents was expressed in GSCW in January.

John M. Brown

To Lecture On "Seeing Things"

Lecture series on the GSCW campus will open next week. John M. Brown, Miss Brown has been called the greatest lecturer of the present day, will address the students of the American Museum of which he writes a weekly column of criticism called "Seeing Things.

Virginia B. Enloe New Director Of 6SCW's Parks Memorial Hospital

Virginia B. Enloe, new director of Parks Memorial Hospital, is welcomed to the campus of GSU. She was born in Texas and served in the United States military. She is married to a medical doctor and they have two children. She has been in the field of nursing for many years and has spent time doing research work. She has also been in administrative positions and has been a member of many medical organizations.

Mrs. Enloe has an impressive background in the field of nursing and has been involved in various nursing organizations. She is known for her dedication to the field of nursing and her commitment to providing high-quality care to patients.

High School Seniors To Invade Campus For Fun-Packed Weekend

The drawing of January 20th will bring the arrival of over a thousand high school seniors from all corners of Georgia. The purpose of this convention is to acquaint Georgia girls with the facilities and activities of the GSCW campus, and the High School Assembly program has been evaluated on these two interests of the "Junior." The family and students are still working on the plans for this program and all the "Junior" are eagerly looking forward to the arrival of school friends and next year's freshmen.

The high school seniors will visit the college classes, join in activities, and be entertained at the home of the President and Mrs. Roosevelt. During the summer months, GSCW has directed a Community Theatre in the former summer home of Pennsylvania.

Lamar Dodd, Noted Artist, Visits Campus

The GSCW campus recently had the privilege of hosting one of the most noted artists in the United States. Mr. Lamar Dodd, head of the Art Department at the University of Georgia, presented a preview of his slides of recent American tours at the Appreciation Hour on Wednesday evening and was guest speaker at Chapel Thursday evening.

More than 1000 slides were made while on a visit to Europe. Mr. Dodd is on the faculty of the University of Georgia, and he has been in the South for the greater part of his life. Mr. Dodd studied at the Art Institute of Chicago in 1917 for five years and came to the University in 1924, where he has taught the majority of students.

Mr. Dodd's work has been exhibited in many European countries. During the summer months, he has directed a Community Theatre in the former summer home of the President and Mrs. Roosevelt.

January 24, is the date of Mrs. Brown's lecture at GSCW.

MRS. DODD DIED IN NEW YORK

Mrs. Cora F. Dodd, according to the United States Federal Register, died in New York on January 21st. Mrs. Dodd was a noted artist and had been visiting in New York for the past few weeks. She was known for her work in oil painting and was a member of several art organizations.

Mrs. Dodd's death was a great loss to the art world, and her work will be remembered for many years to come.
Basketball Comes Into Spotlight
As Winter Quarter Sports Begin
By Bob Oden

Basketball season is now underway like past years with every KU man hoping to win a state title. The basketball teams have already played their first two games and are set to take the tournament. However, the dominating college basketball is on the horizon.

The KU basketball team has already been victorious in the series of games and are set to take the tournament. The team is set to take the tournament as the top team in the state.

The Cottonwood High School was set to take the tournament as the top team in the state.

Georgia First!

Basketball teams have been victorious already

With the ever-increasing versatility of the sports more teams are turning out, which is the sportsmanship of many of their most effective athletes.

The sportsmanship of many of their most effective athletes.

There are so many new and different ideas in sports, all just waiting to be passed upon. This is why it is a known fact that no person can be sure just what is the correct way to play a sport.

Because of the uncertainties of the sport, it is impossible to be sure just what is the correct way to play a sport.

Buzzing Around

"Hi, I'm happy to meet you all," said Miss Martha Faircloth, the new Blossom Grove teacher.

Miss Martha Faircloth has been a resident of Blossom Grove for the past several years.

The athletes have expressed their appreciation of the new Blossom Grove teacher.

Meet On Campus
January 18-15

By Leslie Robin
During the last week of February, 1984, a drive was conducted at G.S.C.W. for the World University Service. We were asked to contribute voluntarily. When these contributions didn't meet our plan, an action was held with most students remaining for the next contribution held by family members and the personnel members, Dr. Robert. All the money was given willingly and yet very importantly. To us W.U.S. and Alonzo College, our special project, were nothing but something that we have to pronounce names.

This part we have come to have a better understanding of the work of the World University Service and to almost personally know Alonzo College through the charming and interesting Miss Shirleyラン. Specifically Wednesday, March 11th, Miss Ingle told us of the various activities held in the college in spite of many set-backs and also problems of the college. She told us of the students' work in shopping with not so fortunate countrymen and knowledge and how we can have to come in to their shoes. We learned about the course, the entertainment, and the problems found at Alonzo.

World University Service drive for funds in 1985 comes out now needs to be raised for the name. This year we won't be contributing the same amount as last year but not to something and living out the character of some place. We don't forget the thing that we learn about the things we do and experience with the people. There was a group who would soon pay back the back. Because of the way we repay and work, you will be repaid with the same amount.

More Six Old Movies
To Be Presented
At Saturday Cinema

The response to the presentation of old movies during the fall quarter, 1984, has been such as to encourage the administration of G.S.C.W. to plan a similar winter quarter program for the coming quarter, with much better attendance.

Since Beverly Barlow, the past president of Alpha Delta Pi, returned to the area during the holidays and is now living in Florida, Angie Amos, her past vice president, has come to the Gamma Sigma Club.

The Senior and Junior Clubs are now working on the composition of new dances for the fall quarter.

The performance of the Gamma Sigma Club on Friday, January 15, when the Senior Drum Line will dance for the GSCW Convention.

New Best Seller
Now Available To GSCW Students

The current best seller "Me Time for Sagebrush" is now available for circulation in the library and S. U. The book was written by Max Hayman from Colorado, Georgia and was a book of the month club selection. Hayman has been a professional for movies and a war under the moon.

It is a delightful story of a good hearted light headed young fellow, Will, who suddenly finds himself a part of Uncle Ben's Army. His southern drawl and backward mannerisms make him the object of the camp jokes.

In Middle Georgia, a little less Ben Whitley. Together they get another example of a southern city under the sun, but Will couldn't understand a thing. The book is available at the college hours on KSP and at all other order exodus. Hurry and get your's copy before the last one is gone. And get your's copy. His incongruity and humorous perspective with the psychiatry of a lunatic school or much warthog. But his missadventures will give readers a laugh after another.

Modern Dance News

Angel Amos

The Modern Dance Club of GSCW is now planning a schedule of classes for the coming quarter, with much better attendance.
