**SPECTRUM Staff Members Plan Yearbook At Lake Laurel Retreat**

The Spectrum staff members plan to get away from school for a weekend on October 14-15. The purpose of this re- treat is to make plans for the year.

The guest speaker is Dr. George Parker, who will speak at the group Friday night at seven o'clock. He has chosen for his top- ic: "The Qualities of a Fine Pro- phet." The staff will work on plans to make the annual distinctive and one of which the administration, and all- others, could be proud.

This is the first retreat that the staff has ever had a chance to have a retreat at Lake Laurel this week. It is a last chance before we have to gear up for the winter and start the college period.

**Fashion's Fads**

Some interesting combinations have been shown up on our campus since some of you have chosen to ignore the changing weath- er which is typical of Indian Summer. Nothing can keep you from sporting your fall fashions because they are so pitiful that you're just "having" to get them on. For one, our goods be- come more comfortable in the combinations without your knowledge it.

It is noted that Dr. Stanford, has been a very colorful figure about campus lately. His plain tie is on eyeshades and I believe that plain must have been invested especially for him. Let us see some of those plain vests, too. Dr. Stanford.

Mrs. Boyden did not escape our eyes, either, and I'm sure most of us have seen her wearing her black failleillon suitfel suit with a blouse trimmed in white, gray and black.

**FRAN-CETT In Building**

"Nothing very good for fall. Don't be the last one in your "dorm" to wear it. It seems that Frances Pudfort didn't want to wear black. Frances, your black skirt and your brown and white striped blouse are very attractive and certain- ly very useful. Let us see more of them.
