Music Convention

Meets In St. Louis

GSCW was well represented at the 1960 National Music Education Association Conference in St. Louis, Missouri, April 17. Those who attended the national session were Miss Allen, Miss Church, Jane Claxton, Richard Carothers, Virginia Hanks, Miss Marshall and Mr. George Armstrong.

"Music in American Life," was the theme for the entire convention. The special programs, musical interludes, panel discussions, scholastic, clinics, and concrete developments much stimulation to every music loving person. Included in all these activities was an illustration of community music development's halcyon period to our symphony.

The Southern Inter-Collegiate Association of Student Government

The Southern Inter-Collegiate Association of Student Government was founded in 1930 in Antioch College, Ohio, and was established to promote the development of student government in the South. In 1956, it became the Southern Inter-Collegiate Association of Student Government.

The Southern Inter-Collegiate Association of Student Government is an organization of student government organizations in the Southern United States. It promotes the development of student government through various activities, such as conferences, conventions, and workshops.

The Southern Inter-Collegiate Association of Student Government is a member of the National Association of Student Governments (NASG), which is the national organization of student government organizations in the United States.

The Southern Inter-Collegiate Association of Student Government is a member of the National Association of Student Governments (NASG), which is the national organization of student government organizations in the United States.
Solidarity Is Achieved

By Alice Gilmore

The restoration of the Index Mary Thomson of Chicago Women for the college campus came in a "blow" to hearing when Dr. Bennett wrote the announcement in Chicago Monday.

The department is preserving a bungalow suite in Idlewild's summer home; however, we are going to miss her out of the dorm.

During the past four years Mr. Thompson has received on-campus services in the office.

To both faculty and students she has given interestedly and wholeheartedly.

We have been fortunate in having at the University of Chicago the complete photograph of our campus. No matter what the individual's location, the complex of the campus is the same.

Even though this college involves various problems of the university, the campus of the university is the same.

Dean Donald W. Thompson has always been a teacher and has always taught.

We have been very fortunate in having the opportunity of working under the administration of Dr. Bennett.

To the entire student body we extend our personal obligation for our appreciation of this opportunity to communicate with him.

We wish to thank him for the time and patience we have spent in his office.

VICTEROYS are Smoother than any other cigarette. Because VICTEROYS have twice as many filters as the other two leading filter brands!

Coke Bottles And Blue Suede Shoes

I just want to let you know that I CAN'T do without your "right of way" car pool to campus next fall. It was such a special treat on the way to work.

It took a little while, but I got a good carpool and I can't begin to tell how much it helped to be able to car pool with my friends.

I'm glad we have this opportunity again next fall. It was such a nice way to start the day.

FASHION'S
Fads

With summer just around the corner most of us ladies are beginning to think of our next favorite style and how to wear them. This season, the colors are in blue and green with a hint of white.

There is a new trend in accessories this season with the use of hats and scarves. Hats are becoming more popular than ever before.

For shoes, the trend is towards low heels and comfortable styles.

The exclusive VICTEROY filter is made from pure cellulose—safe, sweet-white, natural!
Sigma Alpha Iota
Initiate Members

Sigma Alpha Iota, the musical fraternity on campus, elected officers for the coming year on April 11. These officers were selected at a regular meeting Betty Chambers, retiring president, presented the slate of officers which was unanimously accepted. President: Elizabeth Walden; Vice-President: Virginia House; Corresponding Secretary: Mary Alice Sunburn; Recording Secretary: Maryleonne Bill; Betty Virginia Yorash; Chaplain: Mary Jane Roland; Sergeant-at-Arms: Shirley Larry.

Elisabeth Walden, the new president, is a sophomore music major with emphasis on piano. She has an active part in all the musical activities and clubs, and this year she was invited to join Phi Sigma and International Relations Club. As a member of the Choir Executive Committee, she was Assistant Secretary last year and will be president during her senior year. She will be the official delegate from BSU Chapter to the international SAT Convention, to be held August 15-16 in Washington, D. C.

SAT held its usual initiation and banquet on March 11. Five freshmen were initiated and all members, together with Mary Virginia Yorash, was invited to the roll. Nina Ann Chamber, Pat Huffer, and Pat Yale were invited to join the highest grade on the national level. A letter was also received from a high school announcing the formation of a chapter. The outstanding feature of the banquet this year was the presentation of a plaque for perfect attendance this year. This grade will be a goal for future members.

The national office returned its bursars expert's report with a grant of $800.

The Beta Chi Chapter of the University of Georgia entertained the members of Sigma Alpha Iota April 14 at their American Music Festival. The theme of the program was "Music of America" and many American composers. The last group consisted of "The 12 Apostles" from the Choral Union Beethoven, which is also in the Sigma Alpha Iota fraternity. The Sigma Alpha Iota Chapter in Athens was the host of the program there was a tea in the SAT social house.

12 Jessies Attend BSU Retreat at Tift

Twelve Jesses attended the Baptist Spring Retreat at Tift College last weekend. College freshmen, sophomores, and juniors, from all over the state were registered and fun, fellowship and blessings were received by everyone. Elizabelle Royster and Bobby Jo Williams were elected to serve on the State Executive Council. Jane Reinhart was elected secretary and Bobby Jo, publicity chairman.

The theme for the retreat was "JEREMIAH 1." The speakers centered their talks around this theme. Dr. Cullen D. Butcher, who spoke to the freshmen on Friday night, said that even all someone can come, he likes the type of trip the most because it is a study retreat. According to the speaker, we are going to study "Jeremiah's Book," a CALL TO FAITH discussion should be very stimulating.

The theme song of all youth and play group moves little odlies, "we're just a simple story and we'll all be dull. We are going to study this week and just try to understand piano is play, it seems to us that the topic of a CALL TO FAITH will be for a national day. Pray for us to win right away. Why don't you pray?" Love Winnie

Drs. Keeler Goes To Science Fair

Doris Park

Dr. Clayton Keeler, Professor of Biology, served in the capacity of President of the Science Fair held at Oak Street Elementary School on April 15. According to Dr. Peeler, the fair has improved each year over the last five or six years. The general grade of each year was quite satisfactory. All the instructors of possible instructors have not learned the principles of mathematics, display. The attendance of the displays was much as the instructors who also the idea of scientific research in other ways. They felt that in taking a part of from a book and extending it on a poster they have never shown any scientific research. Actually scientific research consist mainly of experiment of natural materials. Plans and purpose for the experiment should be carried out.

An experiment cannot be made to prove a point, but it must show whether or not a thing exists. Experiments must be reported for publication. Results of the experiment must be clearly stated and can be drawn many play should be given a notebook which is in its entirety to the experiment. These logs are important to the teacher because of the new and what and only opinions of the students, but they are often forgotten.

In last year fair there was an epidemic of misquoting. This is unquestionably not true and responsible for the appearance of the project behind the teacher. For example, one exhibit contain- ed in its title in 2-3-5-76 letters

Inside The Jessies

Sport World

"Take me out to the ball game, take me out with the crowd." As new events take place on campus in the Student Sport World, more and more people are becoming a real part. Girls and her homes changed the swimming meet, students turn to walk in line to use the tennis courts and spectators find it difficult to choose between so many activities.

Swimming Meet

At the intercollegiate swimming meet here on campus, April 21, the GSCW team with forty-eight points placed first place in the Scienc bundle. Westminster and Tift Colleges had scores of forty-four and eighteen, respectively. Among the outstanding events were front stroke for by Beverly Brown, holding by Peggy Otey, breast stroke for by Betty Ellis, and unique diving by Mildred Barnett. After the meet, the games were entertained at the Lake Laurel Lodge with a soup and refreshments.

Badminton

Badminton tournaments are being played off at Bell and Porter on Thursday afternoons. The single tournament will be played off immediately after the doubles tournament is completed. Players, remember to phone your games off by the dead line, 5:00 p.m., support your "hands".

The softball color team, having had some support from the students, completed their tournament on

Wednesday, April 25. The games in the semi-final round as follows: Green 11-11; Purple 9; Blue 11-11; and Green 16-15. Capitains for the teams were Martin Brown, Dorey Cooks, Cook, Burt; Squires, Buckwell, Brown; and Charles Fass, Purish. In the final game the Green team defeated the Blue by a score of 18-15. Stand-outs for the winners were Martin Brown, Marty Cap, and Martha Thomas, while Jo Ann King, Pont and Betty Hall were outstanding for the Blues.

This game completed the colored team tournament. Close tournament will next week. Watch your dormitory bulletin boards for the schedule. Come support your class.
