Psychology Club Holds First Meeting Of Year

The first activity of the Psychology Club this year was a supper meeting at Lake Laurel on October 17. Twenty-four club members, Dr. Bottorff, and Dr. Horn, the faculty advisor for the Psychology club, made the trip to Lake Laurel.

At the supper a regular meeting was held on the first and third Thursday of each month. The program for the meetings are to be informative reports and discussions on topics pertaining to the field of psychology.

Aside from providing an opportunity for discussion of the aims and activities of the Psychology Club, the supper served as a "get acquainted" social for the members and faculty of the Club.

New officers were elected at the October 25th meeting. They are: Dorothy Richards, president; Ann Purvis, vice-president; Martha Ann Turner, secretary; and Jeannette Neil, publicity chairman.

The next planned activity of the Psychology Club will be a visit to the Milligedale School Hospital where the group will examine equipment such as the electroencephalograph, an instrument used in the recording of brain waves.

Science Professor Attends Institute Conducted At Oak Ridge, Tennessee

by Leo Johns

Miss Jessie Travick, a member of the department of chemistry, attended a special one-month summer institute in science teaching at Oak Ridge, Tennessee.

Would you like to see one someday?

This summer institute was sponsored by the National Science Foundation, and was conducted by the Oak Ridge Institute for Nuclear Studies, a non-profit educational corporation of 1,500 men. Miss Travick was one of 48 college and university teachers who attended the summer institute. They studied methods of nuclear structure and properties, and the techniques for handling radioactive materials. They worked with such radioactive substances as cobalt, radium, phosphorus, and iodine.

They also observed the graphite reactor, the high power reactor, the fast breeder. The Oak Ridge School is operated by former students of GSCW.

Alumnae Association Awards Scholarships

by Betty Dean

The GSCW Alumnae Association has always been active and especially so in the last several years. Fifteen hundred dollars has been deposited in a permanent scholarship fund for students of high scholarship rating.

The winners of the alumnae scholarship will be announced at the annual meeting of the alumnae. The alumnae scholarship is sponsored by the relatives of alumnae scholarship students.

Miss Green, or "Robbie" as she is known to us, having an acute interest in science, and English, decided that the scholarship be given to an English major. At the banquet last spring, Rebecca Lock Crooke was voted the outstanding student of this scholarship for her senior year. Yet is now a senior from Milligedale and working on a double major in English and English literature. Yet is very active on campus and if you do not know her now, you must make it a point to do so.

Another scholarship was given to Mary Frances Wimham Ville. Miss Fannin is a senior in psychology and is studying the chemistry of the spectrum and is (Continued on Page Four)

Miss Gail attended National FHA Meeting

by Betty Dean

Miss Gail, one of the faculty members for GSCW, who represents the Southern and North Atlantic regions as a teacher advisor, attended the National Board and Executive Council meeting of the FHA of the week of October 8-12 in Washington, D.C.

This meeting was called by the United States office of Education, Division of Vocational education. It was for the purpose of discussing and planning the National meeting which is to be held in July 1951 at Purdue University. Miss Gail was also appointed to this board for a three-year period.

Dr. Robert E. Lee Performs Rites At Nursery School Ground-breaking Territorial Dirt To Come From Ground-breaking

The ground-breaking ceremony for the new GSCW Nursery School, held on October 9, 1948. The invitation was given by the Reverend John Hargrave of the Milligedale First Baptist Church. President Robert E. Lee spoke on the benefits of the nursery school, and then turned over the ground to the location with a spade. The Reverend Eakin Spalding of the Milligedale Episcopal Church gave the closing prayer.

The new nursery school is to be located directly across the street from the Milligedale Hospital. The building's architect, Mr. John W. Black, said that the building will blend with the southern colonial, red brick and the modern architecture of the science building.

The new GSCW Nursery School is probably the only one of its kind in the United States. It will be used during its ground-breaking ceremonies. The future occupants of the nursery-school children and the student teachers.

It is expected to add to the various classes and courses which will be taught in the spring of the anticipated completion of the building.

The building is designed with children in mind for it will have an essential seating area and a quiet rest room for play on the floor, the heating system to be efficient so the floor will be warm all the time.

An interesting feature of the building is that there are no children's drawings, and no toys on the wall. Students and parents must observe the rules and supervision, but the children play without being observed. Also, the living room and children's work is to play on the floor, the heating system to be efficient so the floor will be warm all the time.

Elementary Education Club Meets At Peabody

by Carolyn Rainey

The Elementary Education Club held its first meeting of the school year Thursday, October 5, with Dr. Eliza May White, director of the Elementary Education Department, as speaker. The school program and members are regular members of the school, ninety-seven, attended the meeting.

The meeting was called to order by the president, Mary Harris, then introduced the faculty members of the department, including our new school chairman, Mary Stock, who introduced herself as the new school chairman, Miss Jessie Travick, as the only member, gave an inspiring devotion.

The group divided into three groups of seven to be shown the different classrooms and playground. All the cookies and coffee were served in the dining room.

The best meeting will be held by the school committee. The membership drive must be strong. The group interested in teaching in the elementary grades will be contacted and asked to join.

The Colonade
The Honor Code
by Jean Cook

GCSW students are given the opportunity to accept the honor code at a ceremony, or if desired, to tell their academic advisors. Acceptance of the honor code signifies the student's agreement to a set of rules of conduct that are designed to foster integrity and to encourage ethical behavior. The ceremony is an opportunity for students to publicly commit to these values, and it is typically attended by faculty members, academic advisors, and staff. Acceptance of the honor code is voluntary and does not affect academic standing. The ceremony should be an enjoyable and meaningful experience for all participants.

Who is Alf?
by Jennifer Smith

I had to listen to the radio station in the fall and spring. Alf, the little green alien from outer space, was the hottest thing on the radio. I found out that Alf was coming to town for a few days, so I decided to go see him. It was a lot of fun, and I learned a lot about the little green alien.

JESSIES
By Carolyn Baugus

Excerpts from Dr. Walston's Talk on Sport Day

Acceptance of the honor code signifies the student's agreement to a set of rules of conduct that are designed to foster integrity and to encourage ethical behavior. The ceremony is an opportunity for students to publicly commit to these values, and it is typically attended by faculty members, academic advisors, and staff. Acceptance of the honor code is voluntary and does not affect academic standing. The ceremony should be an enjoyable and meaningful experience for all participants.

GSCW Theatre to Present "The Chalk Garden"

by Mrs. D. Stanley

Broadway quoted last year with a new play that was a hit, and it is now playing in New York City. The play is called "The Chalk Garden," and it is a beautiful story about a woman and her family. The play is being performed by the Shaw's company, and it is a wonderful way to spend an evening.

Home Economics Club Discusses Year's Plan

by Paul Smith

The Home Economics Club is planning its year's activities and events. The club plans to focus on community service and outreach projects. The club will also be hosting several social events and meetings. The club is open to all students, and they are encouraged to join.

Spotlight on Sports

by Sarah Smith

The sports teams are excited for the upcoming season. The football team is practicing hard, and the basketball team is working on their conditioning. The team is looking forward to the first game of the season.

The Art of Friendship
by Jennifer Smith

The art of friendship is something that we all value. It is the ability to connect with others and to form strong, meaningful relationships. The art of friendship involves communication, trust, and support. It is important to be present for our friends, to listen to them, and to be there for them when they need us.

BUZZING AROUND

Cookies, why don’t you let Julian know where you are spend-
ning the week-end so his phone call won’t have to be interven-
ted to all parts of Georgia?

Engaged — Mary Frances Wil-
liamson

Bill Knight has a frequent visitor at the house of Walter
Parker at the Green Street home management house.

Speaking of the Green Street house — seems that the girls are
such excellent cooks that one morning the Jess had to be
scrapped! What about it, Marilyn? “Mud” Jones, how was that
bus ride from Columbus to Millstreet?

Marion Franklin from Georgia
has been in our Virginia home.

TWO week-ends — Straight!!!

Well Brian, do you really
wear a size six ring, or were you

Choir Picnics October 10
by Janice Craig

The A-Cappella Choir gave a
wonderful picnic for the new-
comers Wednesday, Oct. 10, at
Burrus Park, after the afternoon
practice. The group met at the
park and cooked the food over an
open fire.

Following the refreshments,
everyone gathered around
the fires and sang old campfire
songs with the week-ends
and Mrs. Nash, Mr. and
Mrs. Arnet, and Mr. and
Mrs. Etheridge, who organized
the group.

We Will Deliver Any Order
of $2.00 or over
