**Calling All Jessie Students**

Honor council is sending out a call to Jessie Student body as attention because classes for next year are being inside. These plans will affect all of us in some way or another.

On April 17th, the council began plans for next year. They met with the Honor advisor to discuss the possibility of the Honor System next year's Freshman. Plans for the future in the Freshman System were made. Those also decided to meet with the Big Sister to suggest modifications that might be included in the letters to the Freshman. A pamphlet containing the modified letters will be distributed to each student.

Next year, they hope to have new Freshman. It is up to them to be continually aware of the responsibilities they will have. We can help by being a part of the Freshman System. We will be in touch.

Our Honor System is an important part of our campus activities. With the help of campus staff and students, the Honor System will function as a part of our community's activities. It is the responsibility of all students to support this system.
