Letter To The Editor

In various discussion groups during Fertility Force Week the question has arisen, "What are some of the issues on campus?" It has been said that maybe our greatest issue is that we have no issues. This statement should perhaps be tailored to say that our greatest issue is that students will not express their opinions on the issues we have here. There should be more interest shown in student groups on campus and the student feel is quite current, yet quiet on campus.

Why is it that we hesitate to enter into discussion groups? Why do we feel our opinions to the small crowd is bad? Why do we feel we simply write to letters to the editor? Now, why the complicity - or a fear of expressing our opinions?

Maybe we are not confused with world crises of the present time, but in 10 or 20 years we may be cursed with the same problems that we do not face now. I think we should be aware of the fact that we are students now and should face the world of today. Many people are affected by their surroundings, which is part of the student's mission to learn about this world. Many people are affected by their surroundings, which is part of the student's mission to learn about this world. "Courtesies" has been selected as the college winter quarter project for this year. The project includes courtesy in chapel, in the dining hall, and around campus. Christine Chandler, secretary at Campus Center, heads the committee on this project. OGA welcomes Dr. Barbara Nelson who is serving as temporary OGA advisor.

On January 18, the beginning of religious focus week, Rev. Harry E. Smith led a discussion group at OCA. The discussion began with the thought that a leader's estimate of himself, his estimate of others, and his awareness of the group process are factors that determine the quality of his leadership.

Is studying getting you down? Too much work and no play? If this is the case, why not try intramurals for fun and relaxation. The intramurals sport for this quarter is basketball. There was a good turnout this past week, but there is ample room for more players and also more spectators. There will be a coed tennis tournament followed by a coed tennis tournament. There will also be an "All Star Team" selected to play a neighboring college. On Monday at 4:15 the freshmen and juniors will practice. Ronnie Page is the basketball manager for this quarter.

Saturday, January 17 at 2:00 P.M., there was field hockey playday on our campus. THS College along with OGCW participated. Following the hockey games there was a social to discuss the possibility of having an annual hockey playday. All students and faculty members were invited to attend the games.

On February 17 the Recreation Center is sponsoring a "Badminton Clinic." Miss Ellis Rhone from Memphis State College will be on our campus to give instruction. Miss Rhone is the Southern Club's badminton champion. Skill is not needed to attend this clinic. This is an excellent opportunity to learn the game and meet many of the students of Georgia that have been invited to the clinic.

The Saturday Session for this quarter are as follows: January 24, Dorm Recreation Night; February 18, Lake Laurel; February 22, Full Moon Party in the college pool.

This is just a note to remind you that the hockey field is resurfaced to have that "new" look. It doesn't last but a few minutes more to walk around the field using the sidewalk.
