Preparations For 1959 Freshman Class

Include Selection of Junior Advisors

Spring's her again! And sure as the flowers begin to blossom every year, so do preparations for the incoming Freshman Class. While the raw March winds still blow driving, and tiny leave[s] were just beginning their struggle for so Spring appears, a group of people, consisting of the voting members of CGA, huddled for hours in a tiny back room at Lake Laurel to discuss, consider, and elect the Junior Advisors for next year. "We had a good day and night," remarks casually, busy, enthusiastic, and sincere as other wise comment. Not only did the Vice President of CGA though decent names, but every person was allowed to add names of other strong Junior. From the group of about twenty members of CGA there came more names and the discussion lengthened into a discussion. As the group worked in complete harmony and cooperation to consider each person, fairly and objectively, it became apparent that eight were selected from our present Junior Class. These eight will be the Junior Advisors for next year. And though there was no official dinner, or anything around these people. The discussion was lively, enthusiastic, and sincere as other wise comment.

The group that these girls must assume the characteristics that we would like to see our freshmen acquire. The projects of various students are expected to arrive at a class of several hundred new students although it cannot be any upperclassman attending in her class with great interest, but after viewing these girls and the qualities they possess, it is with a great deal of confidence and enthusiasm that we look forward to the fall quarter of the Fall Quarter.
