Miss Ivey Returns To Campus
To Write For Alumnae Magazine

The Alumnae Association board a temporary staff member, Miss Ethel Ivey, is writing for the "Colonnade," the annual publication of the College of Women, under the direction of Mrs. Edith Moore, student editor, and is issuing an appeal. In addition she says that she has gathered material for use in its succeeding program which also refers to "Colonnade." Miss Ivey writes under the name of "Peter," and what the alumnae in her section program?

Woman's College has the distinction of being the only institution in Edith Ivey's career so far as we know she has received her B.A. degree and is now studying at the University of Wisconsin. Her first important job was that of a teacher in a country school, then an advertising manager for a newspaper, and now a professor of literature.

Tobacco Album Club Begins Plans For Annual Demonstration

by Cindy King

If the student body has had an exciting number of events on campus, there is no excuse for those who have been unable to find their place in the annual Tobacco Album Club meeting. The club has been in existence since the fall of the year, and this is the time to join. The club is open to all members of the College of Women, and is affiliated with the National College Album Club. The club has been active in various activities, such as the annual Tobacco Album Club meeting, and has had a large membership.

Miss Ivey has been especially active in the Tobacco Album Club, and has been a member of the Club since its inception. She has been instrumental in the planning and execution of several events, and has been a member of the Club's executive committee.

The Tobacco Album Club is an organization that promotes the use of tobacco in campus life, and encourages students to participate in tobacco-related activities. The club has a large following on campus, and is considered to be a strong presence in the community.

New Addition To Hole Family

A new addition was made to the Hole family recently. Mr. and Mrs. Hole have welcomed a daughter, who was born on February 16th. The baby is a girl, and will be known as "Mary." Mr. and Mrs. Hole are very pleased with their new addition, and are looking forward to the future.

The new addition to the Hole family is a reminder of the love and support that can be found in families. The Hole family is well known for their kindness and generosity, and it is heartening to see that their family continues to grow.

CGA Report

Student council held its regular meeting last night to discuss various issues. The council discussed the possibility of holding a campus-wide tobacco-free event, as well as the need for increased awareness of the dangers of tobacco use. The council also heard reports from the various departments of the College, and discussed the importance of maintaining a safe and healthy campus environment.

Tobacco Album Club" says Ivey to the student body, "If you are interested in participating in an exciting annual event, why not join the Tobacco Album Club today?" The club is always looking for new members, and is a great way to meet new people and have fun.

Bovard, who has provided the forum for the student voice of the College of Women Tech, has been heard to the delight of "Tobacco Album Club" and "Mary the Lord." Why does the College of Women Tech, and Bovard's Father White will sing the soprano.

For many years only the piano was used for accompaniment but for the last several years a guitar has been added to the program. There are now twenty charter members.

The Millbridge community choir will also be organized. The new one added is the "Millbridge.

The Millbridge community choir was formed recently to promote the use of tobacco in the Millbridge community. The choir is composed of a group of dedicated and talented musicians who are committed to spreading the message of tobacco's dangers. The choir's goal is to raise awareness and promote education about the negative effects of tobacco use.

IRC News

IRC met for the first time this fall. The meeting was held in the Student Union on November 20th, and was presented by the College of Women IRC. The meeting was well attended, and the topics discussed included the importance of tobacco awareness and education, as well as the need for increased support for tobacco-free initiatives on campus.

The IRC plans to continue meeting on a regular basis, and to work with other campus organizations to promote tobacco-free initiatives on campus. The IRC is dedicated to promoting a healthy and tobacco-free campus environment, and is committed to raising awareness and education about the dangers of tobacco use.

The well-known Billy Butcher and his orchestra were well-received at the College of Women Tech's homecoming, will be conducted this winter season by Mr. White. The College of Women Tech will sing the soprano. For many years only the piano was used for accompaniment but for the last several years a guitar has been added to the program. There are now twenty charter members.

The Millbridge community choir will also be organized. The new one added is the "Millbridge.

The Colonade

Letters to the Editor

December 3, 1981

To the Editor of the Colonade:

I am very pleased that the Colonade's coverage of the recent student sit-ins at the University of Illinois is not just a factual recounting of events, but a thoughtful analysis of the underlying issues. However, I am disappointed that you did not mention the support of the students during these events, which was a significant factor in the success of the sit-ins.

Sincerely,

[Signature]

The following letter was written to the Colonade by a student who participated in the sit-ins.

December 3, 1981

To the Editor of the Colonade:

I am writing to express my support for the sit-ins at the University of Illinois. As a student who participated in these events, I believe that the sit-ins were a necessary and effective way to bring attention to the issues at hand.

Sincerely,

Marlboro - campus favorite in all 50 states!

...It's a top seller at colleges from U.S.C. to Yale
...and 1st in the Flip-Top box in every single state

If you think you're seeing more Marlboro men lately, you're right. More than 25,000 smokers all over the country are switching to Marlboro every month!
You'll know why when you try them.
Marlboro is the filter cigarette with the unfiltered taste. The secret of the flavor is the famous Marlboro recipe from Richmond, Virginia... and the pure white Selectrate filter that goes with it.
Try Marlboro and judge for yourself. On or off campus, you get a lot to like.

At Least We're Safe

by Josephine King

I really can't get very upset about all those prowls we're supposed to have. To be sure, there may be a score once in a while, but I am inclined to think it's mostly wishful thinking. Anyway, administration is determined to protect us from being raped on the sidewalks in front of Bedford or in (that 6:00 o'clock hunk of bushes next to the Y apartment (which) would be a little inconvenient.

So we have removed some of the rose bushes around St. Morrey's, and the plantings in front of Beacon. And they have bulldozed the back of Beacon, ripping out dozens of bushes and flowers — and the two handsome cedarsthat had grown around the building corner.

It looks hideous. But chase up, girls; they're going to provide for tasteful simplicity—

they plan to plant crocuses in the bare spots or should I say the bare ones. There's just nothing (better) from good old crocuses creeping up around the base of a building, is there? And they may in the future move all the flowers in a greenhouse in Nashot, so we can all trot over and peep at them wistfully.

But I wonder if our kind benefactors have been thorough enough... there is still a large spreading mint bed (at present) near Beacon, into which someone might easily slip aside and grab the nearest passing girl. And there are some parasol-shading shrubs that just could provide cover for who knows what sort of carriage-on. But probably they, too, will be gone when I look out next.

So just forget the beauty that's past, girls; we've got protection.

POLL: What Can We Do To Make This Christmas More Meaningful?

by Jeannet Healt

RETTY SCHOOLS—We should not divide our time between school and Christmas. The true spirit of Christmas can come only within the individual. We might have a merry Christmas if we made a little effort. For Christ, we believe, was born on Christmas day. Therefore, we must make sure for him to be born in our hearts.

BETTY McILLIAMS

SHOE STORE

140 S. Wayne St.

We dye them to match any color or costume.

GRACE MOLSE — I think we should pause from our work and think about the true meaning of Christmas. We should think about what it means to others. We should think more about making people happy spiritually rather than materially giving.

PAUL JONES — I believe the true spirit of Christmas should come from within. The individual.

ANNETTE BOLAND — No exams.

CQA

continued from page 1

that of including the "true" and "false" of Golden Slipper judging in the collegiate handbook. Then, someone suggested having a special handbook on Golden Slipper to inculcate such items as "purity" and judging.

The last topic of discussion for this meeting was concerned with the reading of telegrams on Slipper night. One suggestion was to present telegrams on a bulletin board. Some felt that the reading of telegrams was "good for the school" while using a color phone would aid in the reading.

To initiate the Student's Union, November 27 meeting, Lois Fisher, secretary of scholarship, reminded floor leaders to give particular attention to the halls quiet during Dead Week and on Study Day.

In continuation of discussion on Golden Slipper, one student expressed the idea that some means should be taken to prevent the production of such activities as those that call for action in the Golden Slipper. As an opposing opinion was that the procedure should not be restricted because of the good fellowship for the Woman's College and beause of the student's pride in the Slipper presentations.

The final area of discussion on Golden Slipper was the effect that Slipper has on the student's academic work. The point was brought out that most students, whose scholarships were dependent upon good academic standing, received pressure to actively participate in Slipper.

Remember to help promote quietness in the dormitories during the coming days and may all your applications resulting yield to dividends during final examinations.

As Sophomore Class Columnist

Our lovely—Columnist this issue hails from the red and black ranks of the Sophomore class. Friends think the most outstanding characteristic of this St. Scholastic-like is her poise, charm and brains. A strikingly attractive girl with a delightful, "strawberry blonde" hair color, our favorite mite is a Home—Ro major who loves music, and has been a member of the A Capella Choir. Also, private voice lessons have broadened the scope of her interests.

Though稳定 keeps her on the run, she somehow finds time to make most of her clothes; last year she was nominated for the school's "Best Dressed" list. Among last other freshman activities was the button of serving on her dormitory's temporary house council.

When asked what she liked most about WCIG, our popular blond student and the friendliness of the girls and faculty alike, she was most impressed. She said that she has been invaluable as advisor, class officer and friend.

This high—spirited, teen-age student is claimed by Mr. and Mrs. and also by the handsome Ralph Rice of the great big picture in her room on third-floor Bell.

Congratulations and best wishes from the Colonade Staff to one everybody adores, Bonnie Jean Fleming.
