Business Department Carries Off Trophies

Friday, April 30, at A.M., 20 members of Phi Beta Lambda and the four faculty members of the Business Department journeled to Atlanta for the annual Phi Beta Lambda State Convention. The Convention was held at the Dinkler – Plaza Hotel.

Various contests were scheduled for Friday, in which several of the local chapter participants, many hours of study were spent by the various members in preparation for these contests.

The highlight of the two-day event was the Convention Banquet, which was held Friday night, Dr. Harvey C. Habib, pastor of the Oetterin Church, in Dayon, Ohio, the speaker. It was at the banquet that the winners in the various contests presented their awards. Explanations of the rules of the awards went to representatives from the Women's College Chapter of Phi Beta Lambda.

Oleada Warden, a junior from Millidgeville, won first place in the vocabulary, contest, which was a test consisting of 50 words. Oleada is presently serving as senior vice-president of the club.

She was also awarded the attendance trophy for having the most members present.

Dolli Warren, a junior from Napoleon and president of the local chapter, placed first in the spelling contest.

Prior to the Convention, a poster was prepared by Nancy Leake, Roseville, and Sara Miller, Eastman, which carried out the theme, "Alm High For Excellence." Oleada was awarded the evening, Nancy and Sara are both two-year members of the local chapter, and will receive their certificates and pins.

The trophies will soon find a permanent place in the Phi Beta Lambda meeting room.

Students Exhibit Art

Beginning the 1964-65 school year, the art department initiated a senior exhibit policy. During the spring quarter of their senior year, all art majors seeking the B.A. or B.S. degree are now required to give an exhibition of their work. This exhibition may include examples from all areas of the student's art work and must be arranged, assembled, and displayed by the student himself. The art department reserves the right to hold any work for one year following the exhibition.

Since these student exhibitions are held in the Mainie Pembert Art Gallery, they are open to the students and faculty of the college.

Fall Quarter To Hail New Policies

At GGA Monday night Dr. George G. Dean of the College, announced new policies that will go into effect fall quarter.

The first concerned the grades policy. As of fall quarter, plus grade passing (A+, B+, C+) will count one half of a grade point higher than regular letter grades. A minimum required grade point average will be set for the freshman year and will be raised slightly with each succeeding year.

Deans' List requirements will have to be adjusted slightly to fit the new system. To be on the Women's College to the same standards as other colleges, the average will be determined according to the number of hours taken. Because of the time and work that would be involved however, the present grades of 'P', 'S', 'F' will be allowed in the course of the new policy.

The second policy concerned absences which have previously been called "excused" but which will now be considered "self - excused" absences. Proof of these girls' self classifications will have five self - excused absences per class per quarter. Students caring for a member set by the Degree Cole, and Dean's List students will have their absences deducted except by the twenty-five percent limit on absence time used by schools in this area. The maximum restriction comes with the absence of self - excused absences. On first instances of occurrence the student and her parents will be informed of the situation and the student will be warned. Further occurrence will result in enrollment probation, which will allow no self - excused absences the next quarter. Breaking attendance probation will result in suspension.

Make room in your schedule to attend student music recitals.

cion. Everything That Rises Must Converge will be published on May 25 by Farrar, Straus, and Giroux and will sell for $4.95. We feel it is a book that a Woman's College student will want to know, a book that will provide a fascinat-
