"Whitney who?" is the Dr. J. Woodson Smith Professor of Political Science at Georgia College, who spoke in muddled terms at 5 p.m. on Jan. 30 in Room 3114. "I've never seen him or anything he's done. The writer made fun of the idea and real-life comic strips.

The Voting Game
by Eugene Stevenson
On January 19th a Faculty meeting was held to consider the revisions to the General Policy and procedure made by the Student Senate. When the Mike strain of the Senate is that the changes as made by the Senate are in the interests of the student body, they are not in the interests of the administration. The question is whether the changes will improve the administration. The Faculty meeting was called to order by President McDaniel, who said that the Senate had made some changes in the General Policy and procedure which he thought were improvements. The Faculty met to consider the revisions made by the Senate and to discuss the general policy of the university.
