In the absence of President Mary Jane Hunt, Senator Ralph Phillips presided over the Tuesday night meeting of the Student Senate. There were nineteen Senators present at roll call.

Senator Phil Spivy (off Campus) presented a report from the Rules Committee asking the Senate to form a committee of the whole, in order that the issue of qualifications for senators might be discussed. The Rules Committee had discussed this issue in a prior meeting, and the Senate, discussion, made the following suggestion: that a senator must be a full-time student, carrying at least ten quarter hours of work at the beginning of a quarter, that he must have the minimum accumulative average by the college administration for his classification; that he must maintain the accumulative average necessary to remain in school. The Student Senate would be allowed to deliberate on a case of expulsion of a particular Senator that the senator would have the right of appeal. After hearing both sides of the case, the Senate would vote to expel or to retain that Senator by a two-thirds vote. No specific action would be taken against any Senator because of habitual absences, but after a senator had missed two consecutive meetings or three over the span of a quarter, he may receive a warning from the Senate, and possibly his membership would be terminated.

When the Senate was asked if the further actions that might be included in this ruling, Senator Sally Stewart asked if there would be provision for recall of a senator by his constituency. After discussion of the above, Senator Kaye Hart, and Spivy, the motion was approved and the Senate went into executive session to consider the inclusion of the power of recall. The motion was defeated by a vote of 20 to 6.

Senator Phil Spivy asked for a report from the committee charged with investigating the handling of and possible improvements in the Student Activity Fees. Senator Phillips replied, "I have nothing to add." Senator Kaye Hart, and Spivy, the motion was approved.

The office of Vice-President of CSS is a challenge which I proudly accept. It is my hope that the coming year will bring increased cooperation and involvement in all areas of student life. I seek each student's support as I work steadily with the Senate to achieve the goals of a truly representative government.

The selection of a woman in a position of influence is...
Many Issues Need Immediate Action

The Editorial Board would like to extend its hearty congratulations to the newly-elected officers of the CGA. The coming year promises to be a most challenging one for these officers. Being the parents responsible for clearly establishing our new form of government, we wish them luck because they will need it to "get through the coming year."

With such discussions as the issue of the Student Activity Budget and the Declaration of Student Rights: the problems of increasing tuition fees and the stigma of a sanctuary school; along with an election code that is full of loopholes, the new officers already have their hands full.

Concerning the Student Activity Budget, we feel that more involvement is definitely needed concerning how the money is spent. But we do not uphold the idea of the Student Senate or any of its committees having sole power over any of the money. Such a budget, contrary to what the Senate dictates, might be because they could not be impartial toward different departments and organizations. The lack of access to no group of students has the experience necessary for such important decisions. We believe that the President and Vice President of Student Activities must supervise the花钱 and responsible action on this matter as soon as possible. We also feel that strong and urgent action is needed by the Student Senate on the Declaration of Student Rights. We feel that full endorsement by the new officers would help make the proclamation a reality.

The phrase "informed apathy" as stated above is the main reason for the number of students on the GC campus who know what is happening on campus, such as Student Senate meetings and yesterday's election but Campus In The Round.

I'd Like To, But I Have To Study
by Eugene Stover

If you haven't read a recent edition of the Georgia College Chronicle, you may be surprised at the increase in the number of students at the beginning of the Winter quarter. The increased enrollment is due to the increase in the number of students on the campus. The Chronicle has been increased from 10,000 to 15,000 by the addition of the "Chronicle" edition, which is published on the day of the week that the Chronicle is published.

Letters To The Editor

To the editor:

Dear Editor,

Scandal students have at the University of Georgia and at other universities have been involved in activities that have been considered scandalous. The University of Georgia has become a leader in the field of scandalous activities. The student body is not the only body involved in these activities. The faculty and the administration are also involved.

Sincerely,

Notice

All students interested in Financial Aid for the 1974-75 academic year should attend the meeting on Financial Aid on Tuesday, March 21, 1974, at 7:00 p.m. in the Student Union. This meeting will be held in Room 206 of the Student Union. It is the second general meeting of the year. This is the meeting of the Financial Aid Committee, which has an interest in college affairs, community affairs, state and national affairs, and religious affairs. It is because of this that I feel that all students should attend this meeting. The meeting will be held at 7:00 p.m. in Room 206 of the Student Union. It is the second general meeting of the year. This is the meeting of the Financial Aid Committee, which has an interest in college affairs, community affairs, state and national affairs, and religious affairs.

Sincerely,
