Williams To Be Guest For King Tribute Friday

By Eugene Stevens

A memorial tribute to the late Dr. Martin Luther King, Jr., will be held at 7:30 P.M. Friday, April 3, at Shattuck Auditorium. The program, which is open to the public, will include a reading delivered by Mr. Horace Williams of the Christian Leadership Conference. Miss Odene Clark of Georgia State University was chosen by a campus-wide vote of the minority of women, the program which will offer a reading of Dr. King’s new famous “I’ve Been to the Mountain” and a vocal rendition by Becky Knighting of “Abraham, Martin, and John,” is being sponsored by the Alpha American Society of Georgia College.

Mr. Horace Williams is from Atlanta and received a degree in chemistry at Savannah State College. After teaching high school chemistry in Savannah, he was employed by the U.S. Department of Agriculture as a chemist and active in the civil rights movement in 1959 originally in Savannah where he worked closely with Dr. King and participated fully in the 1963 four peoples march on Washington D.C. as Chief Organizer for the Southern Christian Leadership Conference. Mr. Williams ranks second to the Reverend Ralph Abernathy.

Dr. Martin Luther King was gunned down on an assassin’s bullet on April 4, 1968. Born in Atlanta, Georgia, November 15, 1929, Dr. King was educated in Atlanta public schools and Morehouse College, Coorer Theological Seminary in Atlanta, Ga., and Harvard University. In 1944 he helped organize the Southern Christian Leadership Conference.

Student Senate

Hears Moss’ Opening Address; Passes Qualifications Rulings

The March 31 meeting of the Student Senate began with the recognition of the students who were elected on Monday. Three senators are: Sandra Lee from Wells, Mike Allen and David Perkins from Bonsor, Kaye Cook and Webber Irwin from Bill Jones, and Terri Centers from Terrell II.

President Susan Jackson presented the names of those who had applied for the offices of parliamentarian and sergeant-at-arms. The Senate unanimously approved Crystal Foundation for sergeant-at-arms and also approved Nancy Moylan for parliamentarian.

After suspension of the rules, CGA President Davis, Miss addressi

ng with the statement, “I don’t mind telling you I’m scared.” He reported that he had revamped the system of giving “gives more height than width.” Speaking of the activities that are tentatively planned for his term, he said, “A Trend-It Environment, the Town Obar Concert, a slumber party campus weekend with activities planned to appeal to all types of students Friday through Monday, and ground plans

The newly-elected senators are: left to right, Sandra Lee, Mike Allen, Welles, Kaye Cook, Webber Irwin and Linda Thors. Not pictured is David Perkins, who is being laid to offer non-credit courses next year to interested students on subjects ranging from Levinson to Bartering. “I continued, “I want to see the Senate take immediate action on the pending Declaration of Students Rights and Responsibilities. Also, I would like to see all the students on Monday, by setting up in law each position on my Cabinet, the Senate and said she predicted herself in all getting things done.

Mr. Payne voiced his experience as working on the Spectrum this year, the Atlanta Magazine, The Atlanta Journal and working as a freelance photographer. He expressed the desire to develop a continuity throughout the Spectrum by carrying one theme throughout the book. He suggested modeling the Spectrum after the yearbook at the University of Georgia. He also is interested in conserving the expense of the yearbook by doing much of the photography himself.

The committee decided unanimously to warrant both candidates to run for editor of the Spectrum for the 1970-71 year. The next item of attention was the Criteron budget. The financial situation was explained by the Editor of the Criterion, Pat Elmore. He was expressing the proposal that advertising rates would have to be increased, which exceeds the amount it was expected to raise, should the edition returned to the Criteron budget, as that continued publication of the paper this quarter would be the last discussion was open to the floor. Mr. Herbert Swayne, Compo :

Publications Committee Grants

Warrants; Approves Paper Budget

This morning the Publications Committee met at the Student Senate to consider granting warrants to Mike Lynn and David Payne as candidates for Editor of Spectrum. Both candidates had to promise the committee as both were unqualified: Miss Lynn because she had not worked on the Spectrum previously and Mr. Payne because he lacks three quarter hours on residence.

The two candidates were questioned by members of the committee concerning qualifications, interests and ideas for the paper.

Miss Lynn is a math major with a 3.0 average and states her qualifications as 4 years experience on her high school yearbook. When asked why she had not worked on the Spectrum in her three years at Georgia College she pointed out that she had been working as a student aid and tutor in the math department. Miss Lynn expressed an earnest and sincere interest in the future of the Spectrum and said she predicted herself in all getting things done.

Mr. Payne voiced his interest as working on the Spectrum this year, the Atlanta Magazine, The Atlanta Journal and working as a freelance photographer. He expressed the desire to develop a continuity throughout the Spectrum by carrying one theme throughout the book. He suggested modeling the Spectrum after the yearbook at the University of Georgia. He also is interested in conserving the expense of the yearbook by doing much of the photography himself.

Injustice - Lack Of Honor

In a time when such headlines as the Viet Nam war, the Biafra situation, and racial disturb are so hotly debated, injustice is ignored by the average reader. The Viet Nam war is unjust because the American people did not make the decision to enter this conflict. We as individuals have no control over who makes such decisions. In either Biafra or the United States, it is the leaders who make the decisions, and we as individuals have no control over who these leaders are. But in the United States, injustice is ignored because we are not involved. In South Africa, the people are not involved in the Biafra situation, and the United States is a developed nation. This is why the United States is not involved in the Biafra situation.

It is also unfair because of our lack of control over our nation's foreign policies. For example, I am an American citizen, and I have the right to vote in presidential elections. I also have the right to speak out on issues that affect our nation. However, I do not have the right to control the policies of the United States government. For example, I cannot say to the president, "I want the United States to declare war on Vietnam." I can only vote on whether or not I want to declare war on Vietnam. I cannot control the policies of the government. This is why I think injustice is unfair. It is unfair because we are not involved in the decisions that affect our nation.

Of Votes And Notes

The Student Activity Budget Committee met yesterday. In the outgoing meeting, the committee discussed the amount of money that would be available to each college for next year. The committee agreed that the amount of money should be increased, but the exact amount was not determined. The committee also discussed the importance of the budget to the college. The committee agreed that the budget is essential to the college, but they also agreed that the budget should be increased.

Water Is The Big Delay

As a result of the new Georgia College Student Water Project, many college students will be affected. The project, which is an ongoing effort to develop a water supply for the campus, is intended to provide clean water for students and staff. However, the project is experiencing delays due to several factors. One of the main factors is the lack of a reliable water supply. The project is also experiencing delays due to the difficulty of finding a suitable location for the water supply. Additionally, the project is experiencing delays due to the high cost of the project.

lack of participation. Their primary concern was that they be made to take the College General Education Test. Some of the students felt that the test was unnecessary and that it would not be beneficial to their education.

The next step was for the Senate to draft a formal resolution asking the administration to consider the students' concerns. The Senate was scheduled to meet again next week to discuss the resolution and to plan for future actions.

pigeon that he has done some private stock and that he is not interested in the theater. In Stelrie Cuckoo, the squirrel is the main character, and the first he is confused and frightened by a strange world, and he is afraid of the air and he is afraid of himself. He then discovers that he is afraid of himself, and he is afraid of breathing. He is then saved by a squirrel who carries his slow transition from fear to the feeling of the English language, which is the name of the novel.

Lisa Minnelli contrasted "Stelrie Cuckoo" as only a short time, but the technology is dead. Judy Garland had five or six students and a woman or two. This is a simple story of love and life, and it is the story of a young man named Ira Minnelli who won the only one in the world, and he is the one who is afraid of himself. He is then saved by the squirrel who carries his slow transition from fear to the feeling of the English language, which is the name of the novel.

Baseball Team

Loses To Newberry

In their second game of the season, the CC Baseball team saw defeat at the hands of the Newberry College by a score of 13-2. The visitors from Spartanburg jumped into a scoring streak with six runs in the first inning. When the Colonial fell to the 1st of 3 runs in the 2nd, Smith, with 3 strikes, was the winning pitcher for Newberry, while Claude Powell drew the节约.
