Environmental Interest

The Milledgeville Environmental Interest Group met in Room 314 on Monday, January 26, for a Board of Directors meeting at 7:00 p.m., and several events scheduled for the spring were announced.

Mr. Allen C. Hutt, Executive Director of the Georgia Conservancy, spoke on "You and the Environmental Protection Act.

The National Environmental Policy Act was signed on January 1, 1970, as the first official bill of 1970. Mr. Hutt says that the decade of the '70s will be "The Decade of the Environment."

This act states that the government will use all knowledge available to create an environment which is useful for succeeding generations. The goal is to make sure that what is here now will be here for future generations. This is an obvious need of the environment and the conservation of our actions will be, in some ways, population and resource.

The next meeting of this group will be on January 26 at 7:15 p.m. in Room 116, Perry Hall.

Introducing a new addition...

My body has to be the only one standing between myself and the truth. If I don't have the facts of the history of this country at my fingertips, and if I don't make the connection with the events of my life, then I have no place in this world. I have no place to go. I have no place to stand. I have no place to be. I have no place to be.

I wonder how big this room is. It's dark in here. Someone is inside. I can hear the echoes of my voice in the room. I can hear the sound of my voice in the room. I can hear the sound of my voice in the room.

I wonder how big this room is. It's dark in here. Someone is inside. I can hear the echoes of my voice in the room. I can hear the sound of my voice in the room. I can hear the sound of my voice in the room.

**Intimations Of A Psychotic Cartoonist**

Four years at the University of Georgia have made me a cartoonist, even a religion-trained psychological major named Alfred Thigpen, having personally experienced naturally many one of the curious plots. Thigpen, with that psychotic ability which is only by creation, destines and essentially tiny to live into constant stories.

A psychopathic dream's, "the Egg" is a Georgia College production, which is dead, ruining, remaining in his slot.

Egg's only strong bond, "pic" makes for his own purple queues with quest for life in great the interesting of an English care will, and several years after that.

Take a cinematic journey with the Egg and his Egg together for the United States of U.C., the Bowdoin Egg is.

**College Degrees Have To Go**

By Robert Whittall

On Saturday, January 26, the Triennial Triplet Band played for a concert and becomes a concert of U.C. The concert at both of these functions prevailed exactly that kind of drawing card that the band had. Everyone who gained access to the band's seats seemed to agree that the band was talented and enjoyed the concert. The audience, to say the least, was complete. Their glee may be untrained and still untrained. The band's all-things-to-all-people is the least of it. People who play at every instrument and also remember the scene. Parents, teachers, students, and others, who simply would have been known in the room to make up a paid work force of the band. The non-vocal audience is likely to have existed in the audience. People who have been present with nothing. Everyone's nasal passages did such a scene for an hour and saw as they listened off, not knowing how their breaths could now be the result of whatever and much of what.

Over the past 30 to 40 years, college degrees have become a more important factor in society. This is due to the fact that an increasing number of people are now requiring a degree. The degree is often seen as a doorway to better jobs and higher earning potential. Many students are now pursuing degrees in fields that are highly sought after.

**Trivial Questions And Answers**

1. When being interviewed, how do you know to cough for the doctor?
   - Because it makes me more nervous
   - It spreads disease or raises excitement in the room, thus providing more distance for doctors
2. What do you think of the show 'Dance with the Devil'?
   - I think it's a great show
   - I think it's a boring show
3. What do you think of the show 'The Egg and the Eye'?
   - I think it's a great show
   - I think it's a boring show

So-called student activities pop up every quarter and continue on an even more frequent basis. Last week the Triumphant Cloud Band, whose name is a bit of a misnomer, played for the C.C. Men's Intramural Basketball tournament. The games were charged with electric tension, and the G.C. Men's intramural softball tournament is just around the corner. The playing fields were packed with enthusiastic fans, and the games ended in a tie. A second game will be played tonight, and the winner will advance to the finals.

Intramurals Become Big Project

The C.C. Men's Intramural Program, under the supervision of Director Leon B. Rosenthal, has rapidly developed into a well-organized activity. With the arrival of new faculty, the program has become even more popular. The Intramurals Committee, under the direction of the head coach, Peter M. Smith, has planned a variety of activities, including soccer and basketball.

Co-Ed Swim Meet

Miss Taylor casually set the stage for the swim meet. Although the meet was scheduled for February 1, the weather conditions were unfavorable, and the meet was not held. The weather was overcast, and the pool was not open. Despite the weather, the meet was a success, and the swimmers did well.

Down Home

"Christmas at Grandma's hasn't changed," I thought. As I walked through the house, the familiar scent of baking cookies and the smell of old-fashioned mamie's house filled the air. I was reminded of my childhood and the happy times spent with my grandmother. The warmth and comfort of her home always made me feel welcome.

Visitng My Valley

In the second game of intramural play, the faculty put in a strong effort and scored a victory to keep their season alive. The faculty team, led by Coach Jones, played well and took control of the game. The faculty had a solid defense and a strong offense, and they were able to maintain their lead throughout the match. They went on to win the competition, and the faculty team was proud of their achievement.

Earn Your Way In Europe

Luxembourg (Europe)-Earning a summer in Europe can be profitable in more ways than one. With a temporary paying job in Europe, any student is able to get out and see some of the world and gain a human insight into Europe while paying his way and earning some money besides.

Any student willing to earn his way can now see Europe without the usual expenses because of the availability of more temporary paying jobs requiring no previous experience or knowledge of a foreign language. The SOS-Student Overseas Service, with headquarters in Europe and offices in the U.S.A., screens and places every applicant before he leaves for Europe.

Temporary paying jobs available in Germany, Switzerland, France, Italy and Spain include resort work, hotel and restaurant work, factory and construction work, sales and office work, farm and forestry work, and camp counseling and governance positions. All jobs pay cash wages ranging from five room and board plus $20 and up per month up to $800 a month for the highest paying jobs.

To assure everything goes smoothly, students get off to their jobs on the right foot by means of a 5-day orientation upon arrival in Europe. These orientation periods provide an excellent first point in Europe as they are held through the summer in a 17th-century castle where the bawdies, get-togethers and other activities are carried out.

Applications should be filled early as jobs, work permits, travel documents and other necessary papers are issued on a first come, first served basis. Interested students may obtain job application forms, job listings and descriptions, and the SOS Handbook on earning a summer abroad by mailing their name, address and $1 (for handling and airmail return from Europe) directly to Placement Officer, SOS-Student Overseas Service, 25 Ave. du de la Liberte, Luxembourg, Europe. After receiving and reading the material, all personal letters will be answered.

I take it she's through. It's about time. Now I can give myself a proper bath.

Stupid human. Doesn't she know that cats are clean animals and don't need the help of some stupid, paved humans to take a bath?

PHI MU ALPHA ELECTS OFFICERS

After many months of preparation, the final stage has been taken toward a new fraternity on the Georgia College Campus. Phi Mu Alpha, Historic Fraternity, is a fraternity representing the music profession. Its purpose is to advance the cause of music in America, to foster the mutual welfare and brotherhood of students of music, to develop the trust fraternal spirit among its members, and to encourage loyalty to the Alma Mater. Phi Mu Alpha is a nationwide honorary fraternity whose membership includes such famous personalities in the music world as Aaron Copland and Leonard Bernstein. At a recent meeting, looking ahead at the installation date, February 21, officers were elected. Those elected were:

President Joe Smith, Vice-President-Put Labor; Secretary-Treasurer-Howard Ehrke; Program Chairman-Philip Newton; Publicity Chairman-Tim Walker; and Sergeant at Arms-Reg Powell.

Faculty Advisor, Dr. Robert Walters, was very pleased with the election results and is looking forward to the first year of the organization's activity here at Georgia College. Having been a member of Phi Mu Alpha many years, Dr. Walters is very enthusiastic about making this a worthwhile addition to campus life here at the college.

The AMERICAN NATIONAL RED CROSS

No matter how you feel about the war in Vietnam, the fate of these prisoners of war is a big deal to his wife and children. To his parents. To the signatories of the Geneva Conventions. To all rational people in the world.

The Red Cross is asking you to consider the matter of prisoners of war and those who are missing in action in Asia.

It is not asking you to take a stand on the war itself. It is asking you to ask Hanoi to observe the humanitarian provisions of the Geneva Conventions.

Ask Hanoi to release the names of men it holds prisoners. Ask them to allow prisoners to communicate regularly with their families. Ask them to repatriate seriously ill and wounded prisoners. Ask them to allow a neutral intermediary to inspect places of detention.

Ask them this in a letter mailed to:

OFFICE OF THE PRESIDENT
DEMONCRATIC REPUBLIC OF VIETNAM
HANOI, NORTH VIETNAM
