Colonnade September 29, 1972
Pafford Speaks At Convocation-Dedication

Dr. Ward Pafford, president of Georgia College, was the featured speaker for the convocation-dedication program scheduled for Georgia College on Wednesday, Sept. 27.

The combination program, which officially opened the fall quarter and at the same time dedicated three new buildings, was held in the gymnasium on campus, where the buildings are named.

Dr. Ross Lee Watkins, professor emeritus of English at GC, welcomed the audience by Dr. Pafford. Three other short talks were heard in tribute to those whose efforts were responsible for the new buildings:

Dr. Sara L. Nelson, professor emeritus of English, homed in on and Professor Alice Napier for whom Napier Hall, a new dormitory, is named and a former colleague of Dr. Watkins in the math department.

Dr. William J. Jones, a retired professor of education at Emory University, spoke about Dr. Charles White, a former head of the department with the new addition to the existing Hardy Science Hall named. Dr. Jones, as the first president of the chapter of the American Chemical Society, was instrumental in inaugurating the Hardy Science award at the college.

G.C. Names Two For Intern Program

Peggy Ann Harris of East Point and William T. Ferrell of Thomasville have been named by Georgia College as nominees for the legislative interns to be conducted in Atlanta during the winter quarter.

The two GC students will compete for the college and university students for a chance to work for the state General Assembly.

A committee will select seven or more and announce names in November.

A total of 30 interns are selected for the program, with 20 coming from the college and university students and the University of Georgia.

Miss Harris and Ferrell will be among those competing for the other seven slots.

Last year, a GC nominee, Mary Ruth Bond of Cedartown was one of the interns selected. Miss Harris is a junior and Ferrell is a senior. Both are political science majors.

Both interns will serve as a student honor society at GC and both will be members of the Dean's List at the college.

Each intern will spend the winter quarter in Atlanta with most interns being assigned to General Assembly committees.

Each intern will serve a special purpose on the legislative process during the fall quarter and on completion of the internship is awarded a quarter-hour credit in political science by the college.

The winter quarter the intern will attend specialist seminars designed to acquaint

Dr. J. Whitney Bunting, GC president, introduced Dr. Pafford and guests on the speaking platform. Dr. George L. Simpson, Jr., chancellor of the University System of Georgia presented the new buildings formally to the college and Dr. Bunting accepted.

Dr. Pafford, named a B.A. and M.A. degrees at Emory University and his Ph.D. degree at Duke University. Before moving to West Georgia a year ago, he taught at Climent and Emory Universities and was dean of the college and vice president and dean of faculties at Valdosta State College.

His special fields are 19th Century English literature, romantic poetry, and literary criticism.

Dr. Pafford has been published in a number of professional journals including the Kansas- Shelby Journal, Studies in Romanticism, and the South Atlantic Bulletin.

He began his career in education at Morehead High School.

Dr. John E. Sallstrom, professor of philosophy and religion at GC, asked the invocation and pronouncement on the benediction at the convocation-dedication.

Dr. Robert F. Woffleger, chairman of the music department, played the Processional during the winter quarter the

An open house was held at all three buildings following the convocation-dedication program with refreshments being served in the Maxwell College Union.

G. C. Joins NAIA And GIAC

Georgia College in Milledgeville has become a member of the National Association of Intercollegiate Athletics and the Georgia Intercollegiate Athletic Conference, according to an announcement made today by Dr. J. Whitney Bunting, college president.

As a member of the NAIA, the college will compete in the association's 27th district.

As a member of the GIAC, Georgia College will be part of a conference that also includes Georgia Southwestern, Lagrange, Piedmont, West Georgia, North Georgia, Shorter, and Berry.

Georgia College will participate in soccer, basketball, tennis, golf, and baseball as a member of the two organizations.

According to Floyd R. Anderson, chairman of the department of health, physical education, and recreation.

NAIA was the first and is still the only national association whose primary and only purpose is to champion the cause and promote the interests of the colleges of moderate enrollment with sound athletic philosophies and programs.

The Georgia Intercollegiate Athletic Conference was formed in 1931 primarily as a basketball league. Later, the conference expanded its athletic program to include soccer, tennis, track and field, golf, and men's and women's basketball.

Devised to the same basic principles as the NAIA, the Georgia Intercollegiate Athletic Conference seeks to develop a well-rounded athletic program at the college level and maintain high standards of competition among member schools.

The college is not now a member of any athletic conference.

Senate Elections

The new Senate representatives will be elected on October 21, 1972. Anyone wishing to run must fill out a petition form and return it to the ballot box, and sign a roster before October 21 at 6:30 p.m.

To be qualified to run, you must

1. Be a registered student with the intercollegiate of state government. The Senate is held by both college professors and state public officials. All 20 interns are in daily contact with the actual operations of state government.

2. Each intern receives a stipend to help cover living expenses.

At the conclusion of the winter quarter the GC interns will present a paper to their faculty advisor for grading and use in the final exam covering the operations of the General Assembly.

Snyder Art Show

To Open G.C.

Art Exhibitions

"Betty Sanders Snyder——In Retrospect" is the title of the first art exhibit at Georgia College this fall.

The exhibit, to run at the Dillard Library on campus from Oct. 1 through Oct. 28, will feature the work of Betty Sanders Snyder, a candidate for the B.S. degree in art education at the college.

Mrs. Snyder is the wife of the Rev. William Snyder, assistant chief clinical chaplain at Central State Hospital.

Snyder, a native of Swainsboro, is a B.S. graduate of Old College where she majored in English and religious education.

She has pursued additional studies at Georgia Southern College, the Bowman Gray School of Medicine in Winston-Salem, N.C., the former High Museum School of Art in Atlanta, and GC.

Approximately a third of the works in the exhibition to open at the college on Sunday (Oct. 1) represent those completed from 1933 through 1960. The others were completed during Mrs. Snyder's two years in the college beginning in 1970.

Included in the exhibition are paintings, collages, and ink, sculpture, jewelry, ceramics, and linoleum and prints, all by Mrs. Snyder.

Mrs. Snyder's exhibition, the first in a series scheduled by the GC art department during the academic year, is open to the public.

In addition to exhibits by all senior art majors at the college, the exhibition schedule will include a show of architectural renderings and models by W.G. Clark of Charleston, S.C., an exhibit of paintings by Lumar Lynn, and a show and sale of prints by the Fordham Ruas Gallery in Baltimore.

Visitors scheduled to show from the 1972 collection of frontis and small models of exhibits by Leopoldo de la Venta.

INSIDE THIS WEEK

Page 2 Golden Slipper

Controversy

Page 3 Literary Section
Changes Made In Slipper

On Friday, September 15, the CFA Fall Retreat, CFA's annual meeting, was held at the OGA Patt. Due to the social distancing and safety procedures in place, the meeting was held virtually. The CFA members discussed various topics, including the state of the college and the future of events. The meeting was held via Zoom, with attendees participating from various locations. The meeting was well attended, with many members actively engaged in the discussion. The meeting concluded with a vote on the proposed changes to the Slippers, which were approved by the majority of attendees. The changes were designed to improve the quality of life for students and create a more inclusive environment. The changes included updates to the facilities and improvements to the student life services. The attendees were pleased with the changes and look forward to their implementation. The meeting was a great success, with everyone feeling energized and eager to see the changes take place.

Golden Slipper Controversy

The proposed changes in Golden Slipper have caused much reaction among the community. Many students are concerned that the changes may alter the character of the publication and make it less relevant to their needs. Others are in favor of the changes, seeing them as necessary to keep the publication vibrant and engaging. The changes include updates to the layout, design, and content to make it more appealing to a wider audience. The changes are intended to make the publication more accessible and engaging for all students, including those who are not traditional college students. The changes are being implemented gradually, with a focus on creating a positive and inclusive environment for all students. The changes are expected to enhance the quality of the publication and make it more relevant to the current student population.

We of the Colonnade and I in particular would like to introduce you to two new series of articles being published for your needs as you end Georgia College.

We are attempting to end some of the misinformation of the student body as to where to go and who to see relating to different programs and situations that arise. These may range from personal to student or even to the college itself.

Our purpose is to make you aware of your options but simply to provide you with the information necessary to make your own decision on your particular problem.

We will be using a new and cliche, this is obviously your problem. Without your questions we would have no columns. It would be great to be able to answer your questions, but the problem will be heard and something will be done about it. Of course that is impossible but we can guarantee you a 50% per cent of that statement. Each and every problem will be handled.

Our normal procedure will be to take questions, locate the people who can effectively deal with the situation, and print the answer to your questions in the next issue of the paper. However, if your particular problem is personal then we will locate the people who can help you and send your name and problem to them.

This is a service article and we will do our best to help you with all your problems. We invite questions of all nature and we will arrange to present you to the people of Georgia College.

We know we can adapt the administration and faculty body to meet your needs, the student body to cooperate with us as we attempt this new venture.

One more word to the students body. No matter how ridiculous a question you may have, we will answer it. No question will be asked that will not have an answer to it.

THE COLONNADE SEPTEMBER 29, 1973
Maxwell Union Constitution

Section 1: The Maxwell Union is a student organization composed of the students, faculty, staff, administrators, and alumni of Georgia College.

Section 2: The purpose of the Maxwell Union is to serve the needs of the students, faculty, staff, and alumni of Georgia College.

Section 3: The Maxwell Union is dedicated to providing a variety of programs and services to meet the needs of its members.

Section 4: The Maxwell Union is governed by a Board of Directors, which is elected by the membership.

Section 5: The Board of Directors is responsible for the overall direction and operation of the Maxwell Union.

Section 6: The Board of Directors consists of the President, Vice President, Secretary, Treasurer, and at least five other members.

Section 7: The Board of Directors meets regularly to discuss and make decisions regarding the activities and programs of the Maxwell Union.

Section 8: The Board of Directors is responsible for ensuring that the Maxwell Union adheres to all laws and regulations.

Section 9: The Maxwell Union is committed to providing a safe and inclusive environment for all its members.

Section 10: The Maxwell Union encourages all its members to participate in its programs and activities.

Letter to The Editor

Dear Editor,

I have been a student at Georgia College for several years, and I have been impressed with the quality of education and the opportunities that have been available to me. The Maxwell Union has been a significant part of my experience here, and I believe it is important that its constitution be strengthened to reflect its role as a student organization.

One of the key aspects of the Maxwell Union is its focus on providing programs and services that meet the needs of its members. This has been accomplished through a variety of activities, such as hosting guest speakers, organizing events, and providing resources for students.

However, I believe that the Maxwell Union could be strengthened further by explicitly mentioning its commitment to providing a safe and inclusive environment for all its members. This is an essential aspect of any student organization, and it is important that the Maxwell Union make this a priority.

In addition, I believe that the Maxwell Union could benefit from clearer guidelines regarding the selection of its Board of Directors. This would help ensure that the board is composed of members who are representative of the diverse needs and interests of the Maxwell Union.

Overall, I believe that the Maxwell Union has played a significant role in my experience at Georgia College, and I look forward to seeing it continue to grow and evolve in the future.

Sincerely,

[Your Name]
